## Planning Session – no charge

This is a thirty minute session so we can get to know you and discover what kinds of images you want. Bring examples from magazines, website links, or other sources that illustrate ideas you like. We'll talk about your interests, any props you'd like to include, friends, family or pets you want to be in some of your photos, and locations that appeal to you, including your home.

Based on this discussion, we'll plan your photo shoot and email you a copy of the plan. Together, we'll choose the date for your photo session and your ordering session. The fee for your portrait session is due at the planning session when the portrait session is scheduled.

A separate planning session is optional for the Basic Studio Session.

## Portrait Session

Basic Studio Session: \$25 – 1 hour session, including 3 outfits, in our studio.

Location & Studio Sessions:     \$50 – 2 hour session  
   \$75 – 3 hour session

Sessions include as many locations\* and outfit changes as you would like during that time. You may choose to have some or all of your images taken in our studio. We encourage at least three outfit changes. Sessions fees are for the time and expertise of the photographer and do not include any prints.

## Preview & Ordering Session

This is a one hour session for you to see your previews and place your order. Alternatively, you may preview your images and place your orders online. Payment is due at the time the order is placed. Your order will arrive within two weeks. This allows us time to ensure that every image and print is of the highest quality. Please talk with us if you need your prints sooner.

NOTE: No sessions are scheduled on Friday or Saturday.
